JAPANESE SEEK OIL FROM MEXICAN FIELDS

By Associated Press
TOKIO, May 1.—The possibility of the Japanese government securing oil in Mexico came up before the committee on the industrial mobilization of the Japanese diet just before adjournment of that body.

Admiral Kato, the minister of marine, said that the government was making investigations with regard to the oil fields in Mexico but that for diplomatic reasons he could not go into details. The government was also considering the advisability of prospecting for oil in Formosa.

Dr. Takahashi of the house of peers suggested that Japan should make endeavors to dig wells in Mexico without bothering about the views of the United States and Viscount Kyusiro Inouye added that so long as the United States does not scruple about extending her influence in Siberia, Japan had no reason for retreating from activity in Mexico.

Admiral Kato again said he could not discuss the matter.

The oil question arises from the fact that the Japanese navy has insufficient quantities of heavy oil for use in war time and that it will be necessary to construct storage tanks as well as to purchase supplies abroad.

MEN IN UNIFORM TO WITNESS GAMES FREE

By Associated Press

PHILADELPHIA, May 1.—All service men in uniform will be admitted free except the war tax to one game in each series to be played this season at Shibe Park, the home of the Philadelphia Athletics. The war camp community service announced yesterday that the local American league club has made this offer and that it has been accepted.

The management also offered the use of the park for Sunday games between service teams, if the mayor will permit them to be played or any other recreation for men in the service. Clergymen are opposed to this offer, pointing out that Sunday games in Philadelphia are unlawful.

TODAY'S CASUALTY LIST

By Associated Press

WASHINGTON, May 1.—The casualty list contained the names of eight killed in action, one died of wounds, one of accident, three of disease, one of other causes and two missing. Five were severely and fifty-one slightly wounded.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances, to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock, and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.

TREASURES OF BRITISH MUSEUM ARE STORED

(By Associated Press)
TONOPAH, May 1.—The treasures of the British museum, including its priceless collection of mummies, have been stored for the period of the war in a deep uncompleted subway which was being constructed for the use of the postoffice authorities when the war began. The employees of the postoffices along the line of the subway have just raised a protest against the use of the boring for this purpose, asserting that it should be reserved for use as an air-raid shelter for postal employees.

"Should postal workers or mummies use the subway air-raid shelter?" asks the Postman's Gazette in its latest issue. "It is nothing short of a scandal that relics of doubtful value should get choice positions in this subway while access is denied to members of the postoffice staff in time of emergency."

"We find a government department doing all in its power to provide for the safety of the shrivelled remains of the ancients at the risk of human lives. We have no concern for all that is left of the Pharaohs and Cleopatra. They had their time on earth many centuries ago."

SUBSCRIPTIONS GROW

DALLAS, Tex., May 1.—Official subscriptions to the third Liberty bond in the eleventh federal reserve district, compiled to noon yesterday, totaled \$69,178,150, an increase of \$6,555,450 since Saturday noon.

In round figures the total by states at noon yesterday were:

Texas, \$57,280,000; Louisiana, \$5,142,000; Arizona, \$2,456,000; New Mexico, \$2,314,000; Oklahoma, \$1,524,600.

AUSTRIA WANTS PEACE

STOCKHOLM, May 1.—The Catholic International Press agency has announced that the Austrian emperor is making a fresh peace offer. He appealed to Italy to consider it in her own interests.

DELINQUENT NOTICE
